

Town of Columbus

PO BOX 146 · Columbus, NC 28722 · (828) 894 – 8236

Bulk Rate Water Permission

I, _____ a representative of the company identified below, hereby agree that I or my company's representatives will use proper techniques to open and close the fire hydrant from which I am purchasing bulk water from the Town of Columbus.

Proper technique is defined as opening and closing the hydrant SLOWLY so as not to damage the Town's water line. If damage is caused to the Town's water line due to the use of improper techniques in opening and closing the hydrant, or damaged in any other manner while drawing bulk water, the responsibility for the costs to repair these damages lies with the above-named representative and the below named company purchasing bulk water from the Town of Columbus. Further, the damaging party shall indemnify the damaged party for, and hold it harmless from, any costs which that party is required to pay for damage to its customers' water lines and appurtenances due to such improper use of the hydrant.

I would like to buy approximately _____ gallons of water from the Town of Columbus. The Town will invoice your company for the full amount of water purchased at the address below.
